

**Annex 39****Issuance****Scope of the review on
“Methane Capture and Combustion from Swine Manure Treatment Project at PT Indotirta
Suaka Bulan Farm in Indonesia ”(0450)**

1. The Board agreed to undertake a review of the project activity “Methane Capture and Combustion from Swine Manure Treatment Project at PT Indotirta Suaka Bulan Farm in Indonesia ” (0450).
2. The Board agreed that the scope of the review relating to issues associated with verification requirements shall cover an assessment to determine how the DOE verified:
 - (a) That the use of sampling for swine weight is in accordance with the methodology AM0006;
 - (b) The flare type; and
 - (c) That during the monitoring period in consideration the flare was operating at the design flare efficiency.
