

**Annex 33****Registration****Scope of the review on
“SEPL CDM CPP” (1666)**

1. The Board agreed to undertake a review of the project activity “SEPL CDM CPP” (1666).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review of the:
 - a) additionality of the project activity, through an assessment of the validation of the technological barrier; and
 - b) application of the baseline methodology, through an assessment of the difference between electricity generation from the project activity and that of the proposed baseline scenario and its impact on the economic comparison analysis to determine the most plausible baseline scenario.
