

November 20, 2020

To: Executive Board of the Clean Development Mechanism  
UN Framework Convention on Climate Change,  
Martin Luther King Strasse 8,  
D-53175 Bonn,  
Germany

**Withdrawal as a Joint Focal Point of the PoA 9557 : Yemen Electricity Distribution Loss Reduction Programme**

The International Bank for Reconstruction and Development acting as Trustee of the Community Development Carbon Fund (CDCF) (Trustee) signed an Emission Reductions Purchase Agreement with the Public Electricity Corporation of the Republic of Yemen on June 22, 2010. In this context, IBRD was appointed as joint focal point in the Modalities of Communication of the program.

The ERPA under this program has expired on July 31, 2014 and no contractual obligations remain for the Trustee under the program. As a consequence, the Trustee will no longer be acting as a focal point of this program with immediate effect.

Sincerely,

Dan Radack  
Fund Manager of the Community Development Carbon Fund  
Climate Fund Management Unit
