

## Confirmation of Validation

Industrie Service

The certification body "Climate and Energy" of the DOE TÜV Industrie Service GmbH TÜV SÜD Group has performed a validation of the project:

### **"CDM SOLAR COOKER PROJECT ACEH 1, INDONESIA".**

The results of the validation are documented in the final validation report no. 634269, rev. 02, issued on December 23<sup>rd</sup>, 2005 and are based on the submitted final PDD in October 2005.

Competence.  
Certainty.  
Quality.

The final report was undersigned and issued after the receipt of the Letters of Approval (LoA) from the Designated National Authorities (DNA) of Indonesia and from the Umweltbundesamt/DEHST as responsible German authority (in order of the German DNA). There have been no changes as regards contents in the final validation report version (rev. 02) issued December 23<sup>th</sup>, 2005 in comparison to the previous version (rev. 01), issued November 11<sup>th</sup>, which was basis for issuing the LoAs by the involved countries.

Munich, 23/12/2005

Werner Betzenbichler
