Re.: Consideration of your request for review case PA 4722

Dear Minister,

Thank you for your letter received on 13 October 2011, which was considered at the sixty-fourth meeting of the CDM Executive Board.

On behalf of the Chair of the Board, I would like to inform you that the issues raised in your letter were discussed by the Board in its sixty-fifth meeting and the request for registration of the project activity Ref. Nr. 4722 will be further considered at the sixty-sixth meeting of the Board.

The competence of the assessment team performing the review process is ensured by two assessments carried out separately and independently by the secretariat and Registration and Issuance Team, whose members were selected by the Board based on the sector expertise in their own field and assigned by the Board for each specific review case.

With regard to the direct communication procedure for case-specific submissions, it will be operational as per the "Implementation plan for the Clean Development Mechanism Project Standard, Validation and Verification Standard, and Project Cycle Procedure", adopted by the Board at its sixty-fifth meeting. The revision of the current regulatory documents and development of new relevant documents shall also be undertaken for adoption at the Board's sixty-sixth meeting.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'Andrew Howard'.

Secretary to the CDM Executive Board
