Re.: Completeness check and Information and Reporting Check results

Dear Mr. Lanseros,

Thank you for your letter received on 6 August 2012, which has been made available to the Chair of the Board.

On behalf of the Chair of the Board, I would like to inform you that as per paragraph 62 of the version 02.0 of the Clean Development Mechanism Project Cycle Procedure:

If, during the completeness check, the secretariat identifies issues of an editorial nature, it shall request the DOE by e-mail, copying the project participants or the coordinating/managing entity, to submit the missing or revised documents and/or information. In this case, the DOE shall submit the requested documents and/or information within two (2) days of receipt of the request. If the DOE does not submit the requested documents and/or information by this deadline, the secretariat shall conclude that the request submission is incomplete.

The lists of issues of an editorial nature can be found in the appendix of the checklists for Request for Registration.

The other issues listed in your letter shall be assessed at the validation stage as per the existing procedures.

I hope this letter suitably addresses all your concerns.

Yours sincerely,

Andrew Howard
Secretary to the CDM Executive Board
