Re.: Comment on CDM project proposal currently requesting registration (period for requesting review ends 13th September 2012)

Dear Mr. Brandt,

Thank you for your letter received on 31 August 2012, which has been made available to the CDM Executive Board.

On behalf of the Chair of the Board, I would like to inform you that your comments on the "Sable Chemicals Tertiary N₂O Abatement Project in Zimbabwe" project have been reviewed by the team responsible for the assessment of the request for registration of the project and who assessed the request in terms of existing procedures.

Your comments have also been shared with the team responsible for methodologies for consideration when the related methodology is to be revised.

I hope this letter suitably addresses all your concerns.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'A. Howard', written over a horizontal line.

Andrew Howard
Secretary to the CDM Executive Board
