

**Annex 35****Registration****Scope of the review on****“GHG emission reduction by energy efficiency improvement of clinker cooler in cement manufacturing at Rajashree cement at District Gulbarga, Karnataka India” (0954)**

1. The Board agreed to undertake a review of the project activity “GHG emission reduction by energy efficiency improvement of clinker cooler in cement manufacturing at Rajashree cement at District Gulbarga, Karnataka India” (0954).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover an assessment to determine:
 - (a) whether the project activity complies with the limits for bundling a small-scale CDM project activity; and
 - (b) whether the approved small-scale methodology AMS-II.D version 7 has been correctly applied to the project activity
