

CLEAN DEVELOPMENT MECHANISM
PROGRAMME OF ACTIVITIES DESIGN DOCUMENT FORM FOR AFFORESTATION AND
REFORESTATION PROJECT ACTIVITIES
(CDM-PoA-DD-AR) Version 01

CONTENTS

- A. General description of programme of activities (PoA).
- B. Duration of the programme of activities.
- C. Selection of a baseline and monitoring methodology to a typical CDM Programme Activity (CPA)
- D. Environmental Analysis
- E. Socio-economic impacts of programme of activities
- F. Stakeholder comments

Annexes

- Annex 1: Contact information on Coordinating/managing entity and participants of PoA
- Annex 2: Information regarding public funding
- Annex 3: Baseline information
- Annex 4: Monitoring plan

NOTE:

This form is for the submission of a CDM PoA whose CPAs apply a large scale A/R approved methodology.

At the time of requesting registration this form must be accompanied by a CDM-CPA-DD form for A/R that has been specified for the proposed PoA, as well as by one completed CDM-CPA-DD (using a real case).

SECTION A. General description of programme of activities (PoA)

A.1 Title of the A/R programme of activities:

>>

A.2. Coordinating/managing entity and participants of POA:

>> Please provide the following information:

1. Coordinating or managing entity of PoA as the entity which communicates with the Board.
2. Project participants being registered in relation to the PoA. Project participants may or may not be involved in one of the CPAs related to the PoA.

A.3. Description of the A/R programme of activities:

>> Please provide the following information

1. Policy/measure or stated goal of the PoA
2. General operating and implementing framework of PoA

A.4. Confirmation that PoA is a voluntary action by the coordinating/managing entity

>>

A.5. Description of the location and boundaries of the A/R programme of activities:

A.5.1. Host Party(ies) of the A/R programme of activities:

>> Please identify the Host Party(ies) participating in the PoA.

A.5.2. Physical/ Geographical boundary:

>> Please provide definition of the boundary for the PoA in terms of a geographical area (e.g., municipality, region within a country, country or several countries) within which all CDM programme activities (CPAs) included in the PoA will be implemented, taking into consideration all applicable national and/or sectoral policies and regulations of each host country within that chosen boundary.

A.6. Technical description of the A/R programme of activities:

A.6.1. Description of a typical A/R CDM programme activity (CPA):

>>Please provide description of a typical CPA. Include application of an approved baseline and monitoring methodology and measures to minimize leakage and as appropriate technology or measures to be used.

A.6.2. Description of how the net anthropogenic GHG removals by sinks are increased above those that would have occurred in the absence of the registered PoA (assessment and demonstration of additionality):

>> Please demonstrate the following:

- (i) If the PoA is implementing a voluntary coordinated action, it would not be implemented in the absence of the PoA; or
- (ii) If the PoA is implementing a mandatory policy/regulation, this would/is not enforced; or

- (iii) If mandatory a policy/regulation are enforced, the PoA will lead to a greater level of enforcement of the existing mandatory policy/regulation.

The information presented here shall constitute the demonstration of additionality of the PoA as a whole.

A.6.3. Eligibility criteria for inclusion of a CPA in the PoA:

>> Please provide description of eligibility criteria for inclusion of a project activity as a CPA under the PoA, which shall include criteria for demonstration of additionality, and the type and/or extent of information (e.g. criteria, indicators, variables, parameters or measurements) that shall be provided by each CPA in order to ensure its eligibility.

A.6.4. Approach for addressing non-permanence:

>>Please select one of the following:

- 1. Temporary CER (tCER)
- 2. Long term CER (ICER)

A.6.5. Operational, management and monitoring plan for the programme of activities:

A.6.5.1. Operational and management plan:

>> Description of the operational and management arrangements established by the coordinating/managing entity for the implementation of the PoA, including:

- (i) A record keeping system for each CPA under the PoA,
- (ii) A system/procedure to avoid double accounting e.g. to avoid the case of including a new CPA that has been already registered either as CDM project activity or as a CPA of another PoA,
- (iii) The provisions to ensure that those operating the CPA are aware and have agreed that their activity is being subscribed to the PoA.

A.6.5.2. Monitoring plan:

>> Please provide the following information :

- (i) Description of the proposed statistically sound sampling method/procedure to be used by DOEs for verification of the amount of net anthropogenic GHG removals by sinks of greenhouse gases achieved by CPAs under the PoA.
- (ii) In case the coordinating/managing entity opts for a verification method that does not use sampling but verifies each CPA (whether in groups or not, with different or identical verification periods) a transparent system is to be defined and described that ensures that no double accounting occurs and that the status of verification can be determined anytime for each CPA;

A.7. Public funding of the programme of activities:

>> In case public funding is used, please provide a confirmation that official development assistance is not being diverted to the implementation of the PoA.

SECTION B. Duration of the programme of activities

B.1. Starting date of the programme of activities (dd/mm/yy):

>>

B.2. Duration of the programme of activities (months and years):

>>

SECTION C. Selection of a baseline and monitoring methodology

C.1. Title and reference of the approved baseline and monitoring methodology applied to each CPA included in the PoA:

>>

C.2. Justification of the choice of the methodology:

>>Please provide information to justify that the approaches in the selected methodology is applicable to the potential areas to be included as CPAs within the PoA taking into consideration the characteristics of the typical CPA within the PoA such as geographic, climatic soil, and other parameters as appropriate.

C.3. Description of the monitoring plan for a CPA:

>>Please describe the monitoring plan for a CPA, developed in accordance with the approved monitoring methodology, and identification of the monitoring provisions and data parameters a CPA has to apply/monitor.

SECTION D. Environmental analysis of programme of activities:

D.1. Indicate the level at which environmental analysis as per requirements of the CDM modalities and procedures is undertaken:

Please select the level at which the environmental analysis is undertaken.

1. Environmental Analysis is done at PoA level
2. Environmental Analysis is done at CPA level

>>Briefly justify the choice.

D.2. If option 1 is selected in D.1 above, provide analysis of the environmental impacts, including transboundary impacts (if any):

>> Provide an analysis of the environmental impacts of a typical CPA expected in the PoA, including impacts on biodiversity and natural ecosystems.

If environmental analysis of a typical CPA within the PoA indicates negative impacts that are considered significant or if required by the host Party laws/regulations, project participants of each CPA shall undertake an environmental impact assessment in accordance with the procedures required by the host Party.

SECTION E. Socio-economic impacts of programme of activities:

E.1. Indicate the level at which socio economic impact analysis as per requirements of the CDM modalities and procedures is undertaken

Please select the level at which the socio-economic analysis is undertaken.

1. Socio-economic impact analysis is done at PoA level
2. Socio-economic impact analysis is done at CPA level

>>Briefly justify the choice.

E.2. If option 1 is selected in E.1 above, provide analysis of the socio-economic impacts, including transboundary impacts:

>>Provide an analysis of the socio-economic impacts of a typical CPA expected in the PoA, including impacts on biodiversity and natural ecosystems.

If socio-economic impact analysis of a typical CPA within the PoA indicates negative impacts that are considered significant or if required by the host Party laws/regulations, project participants of each CPA shall undertake an socio-economic impact assessment in accordance with the procedures required by the host Party.

SECTION F. Stakeholders' comments

>>

F.1. Indicate the level at which local stakeholder comments are invited. Justify the choice:

>>Please select the level at which local stakeholder comments are invited.

1. Local stakeholder consultation is done at PoA level
2. Local stakeholder consultation is done at CPA level

If option 1 is selected, provide information in sections F.2, F.3 and F.4 below.

F.2. Brief description how comments by local stakeholders have been invited and compiled:

>>

F.3. Summary of the comments received:

>>

F.4. Report on how due account was taken of any comments received:

>>
