

**Annex 60****Registration****Scope of the review on
“ANAEROBIC DIGESTION SWINE WASTEWATER TREATMENT WITH ON-SITE
POWER PROJECT (ADSW RP2002)” (1846)**

1. The Board agreed to undertake a review of the project activity “ANAEROBIC DIGESTION SWINE WASTEWATER TREATMENT WITH ON-SITE POWER PROJECT (ADSW RP2002)” (1846).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review of the application of the baseline methodology through an assessment of the means of validation of the baseline emission factor, in particular the data vintage for calculating the operating margin emission factor and the suitability of the simple operating margin approach.
