

**Annex 25****Registration****Scope of the review on****“Electricity grid interconnection San Gabán – Mazuko – Puerto Maldonado” (1901)**

1. The Board agreed to undertake a review of the project activity “Electricity grid interconnection San Gabán – Mazuko – Puerto Maldonado” (1901).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the:
 - (a) Additionality of the project activity through an assessment of the price of diesel considered in the financial analysis, as this is based on a limited time period which is almost a year prior to the investment decision; and
 - (b) Application of the baseline methodology through an assessment of the calculation of leakage due to deforestation, as the deforested area due to the construction of the transmission line has not been fully described.
