

**Annex 43****Registration****Scope of the review on
“The Rotem Amfert Negev (RAN) Natural Gas Fuel Switch Project ” (2042)**

1. The Board agreed to undertake a review of the project activity “The Rotem Amfert Negev (RAN) Natural Gas Fuel Switch Project” (2042).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover an assessment to determine:
 - (a) the baseline and additionality of the project activity through an assessment of the barrier analysis, as the barriers have not been sufficiently substantiated;
 - (b) the baseline of the project activity through an assessment of the compliance with the paragraph 5 of AMS-III.B. (version 12), as it appears that the ‘output’ has not been defined in line with the methodology;
 - (c) the appropriateness of the monitoring plan of the project activity through an assessment of the procedure for monitoring of the ‘output’ as required by the paragraph 9 of AMS-III.B. (version 12).
