

**Annex 34****Registration****Scope of the review on  
“Yunnan Lianghe Hulukou Hydropower Station” (2106)**

1. The Board agreed to undertake a review of the project activity “Yunnan Lianghe Hulukou Hydropower Station” (2106).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the project activity, through an assessment of the investment analysis, in particular,
  - (a) the assumptions related to the tariff applicable to the project activity, as these are not consistent with the feasibility study report and therefore the Board wishes to assess the suitability of the tariff assumption contained in the PDD submitted for registration, and
  - (b) the assumed electricity supply to the grid, as it has not been demonstrated that the coefficient of effective electricity is an accurate assumption in the context of this project activity or that how the DOE has validated this value.
