

**Annex 49****Registration****Scope of the review on
“Catalytic N₂O Abatement Project in the tail gas of the
Caprolactam production plant in Thailand” (2232)**

1. The Board agreed to undertake a review of the project activity “Catalytic N₂O Abatement Project in the tail gas of the Caprolactam production plant in Thailand” (2232).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to determine the applicability of the methodology through an assessment of the appropriateness of the production capacity as the DOE has not validated the design capacity of the plant in accordance with the methodology.
