

**Annex 50****Registration****Scope of the review on
“Thermal energy from biomass at Mohota Mills”(2233)**

1. The Board agreed to undertake a review of the project activity “Thermal energy from biomass at Mohota Mills” (2233).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the project activity, through an assessment of barrier analysis as: (i) it is not clear whether there are significant differences between biomass boiler operation for textile industry and other process industries as the technology for biomass boiler is domestic and used in other process industries; and (ii) technological barriers are not further substantiated.
