

**Annex 34****Registration****Scope of the review on
“Guohua Tongliao Kezuo Zhongqi Phase II 49.5 MW Wind Farm Project” (1825)**

1. The Board agreed to undertake a review of the project activity “Guohua Tongliao Kezuo Zhongqi Phase II 49.5 MW Wind Farm Project” (1825).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the proposed project activity, through an assessment of the appropriateness of the:
 - (a) Tariff used in the FSR as it is not clear if the reductions in applicable tariffs between 2002 and the start date of the project activity have not resulted in a reduction of the incentive for investment in the wind power generation; and
 - (b) Use of discount factors when the general trend in the host country is to not apply such discount factors to the FSR annual power generation.
