

Annex 52

Issuance

Scope of the review on

“Reduction in steam consumption in stripper reboilers through process modifications” (0340)

1. The Board agreed to undertake a review of the project activity “Reduction in steam consumption in stripper reboilers through process modifications” (0340).
2. The Board agreed that the scope of the review relating to issues associated with verification requirements shall cover an assessment to determine whether the calculations of emission reductions are done in accordance with the methodology for those days when the production is less than 95% of the revised nameplate capacity.
