

**Annex 17****Registration****Scope of the review on
“Hebei Wasted Gas based Captive Power Plant Project in Longgang Group” (2508)**

1. The Board agreed to undertake a review of the project activity “Hebei Wasted Gas based Captive Power Plant Project in Longgang Group” (2508).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the:
 - (a) Additionality of the project activity through an assessment of the existence of investment barriers, as the rejection of the loan application from the banks and the negative attitude from the invited investors seem to be due to submission of incorrect economic analysis to the banks/invited investors, and the technological barriers; and
 - (b) Application of the methodology through an assessment of:
 - (i) Availability of the surplus LDG to the project activity; and
 - (ii) Treatment of the installation of new gas converter in line with the applicability criteria of the methodology.
