

**Annex 47****Registration****Scope of the review on****“Tarim Oilfield Associated Gas Recovery and Utilization Project” (2908)**

1. The Board agreed to undertake a review of a project activity “Tarim Oilfield Associated Gas Recovery and Utilization Project” (2908).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess:
 - (a) The additionality of the project activity through an assessment of suitability of the input values to the investment analysis, in particular, unit price of gas, unit price of LPG, price of condensate, electricity price, annual O&M cost, operational lifetime, and zero residual value, in line with the paragraph 111 of VVM; and
 - (b) The application of the baseline and monitoring methodology through an assessment of the exclusion of alternative 4, on-site use of the associated gas for liquefied natural gas production, in line with AM0009 as it is noted that alternative 4 is a feasible option in technical terms and is permitted by law.
