

**Annex 55****Issuance****Scope of the review on****“Demand side energy efficiency programmes for specific technologies at ITC Bhadrachalam pulp and paper making facility in India” (0806)**

1. The Board agreed to undertake a review of a project activity “Demand side energy efficiency programmes for specific technologies at ITC Bhadrachalam pulp and paper making facility in India” (0806).
2. The Board agreed that the scope of the review relating to issues associated with verification requirements shall cover an assessment to determine
  - (a) How the requirement of original and revised monitoring plan to calculate  $EF_{in-house}$  annually was complied with considering the spreadsheet provided indicates the calculation of  $EF_{in-house}$  for two years (2007 and 2008) altogether; and
  - (b) How the DOE verify that the calculation of  $EF_{in-house}$  has appropriately accounted for electricity generation by the black liquor.
