(as of 25/01/2010)****I. Background**

1. The Executive Board, at its fiftieth meeting considered an assessment of compliance with indicative timelines set by the Board in different processes and requested the secretariat to include in future submissions a visual representation of recent trends.
2. This document provides an assessments of timelines of some certain processes in the CDM process as requested by the Board.

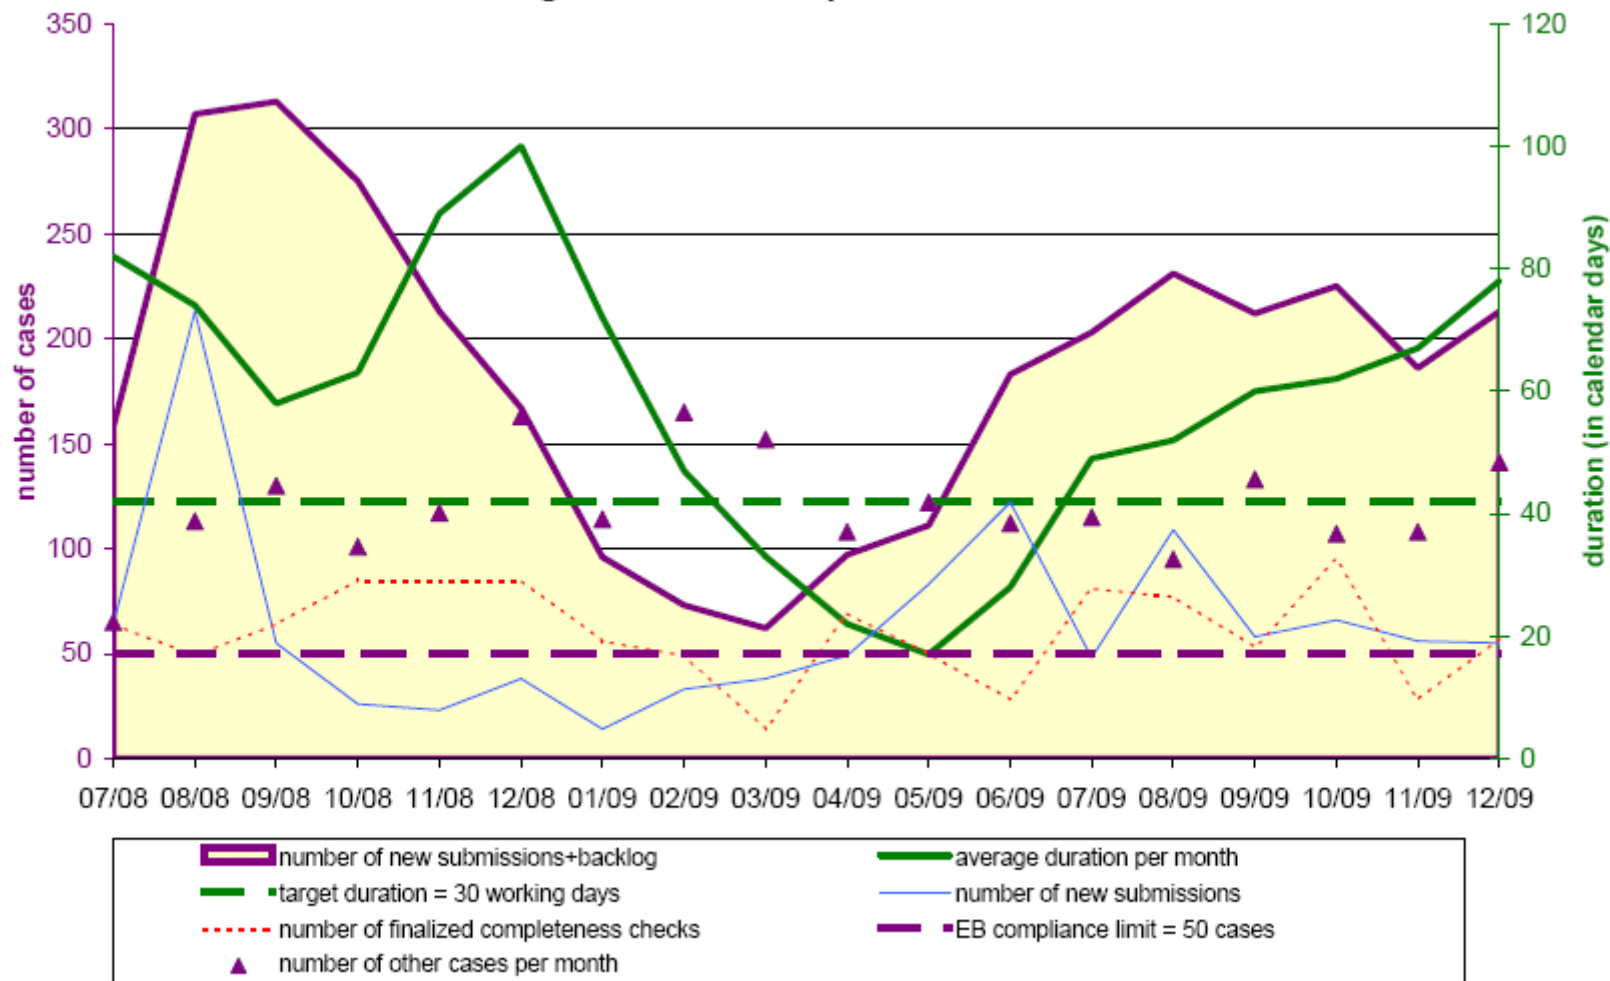

II. Unsolicited submission to the CDM Executive Board

3. The table below reflects the current status of the responses to unsolicited submissions to the Board. While the number of submissions received for EB52 remained fairly low (13), efforts have been put in reducing the backlog of unanswered submissions. In this regard, considerable progress has been achieved: while 50% of the letters were still unanswered at the time of EB51, this figure has been reduced to 19% for EB52. The objective is now to continue this effort in order to finalise answers to the remaining pending letters dated back to more than two Board meetings

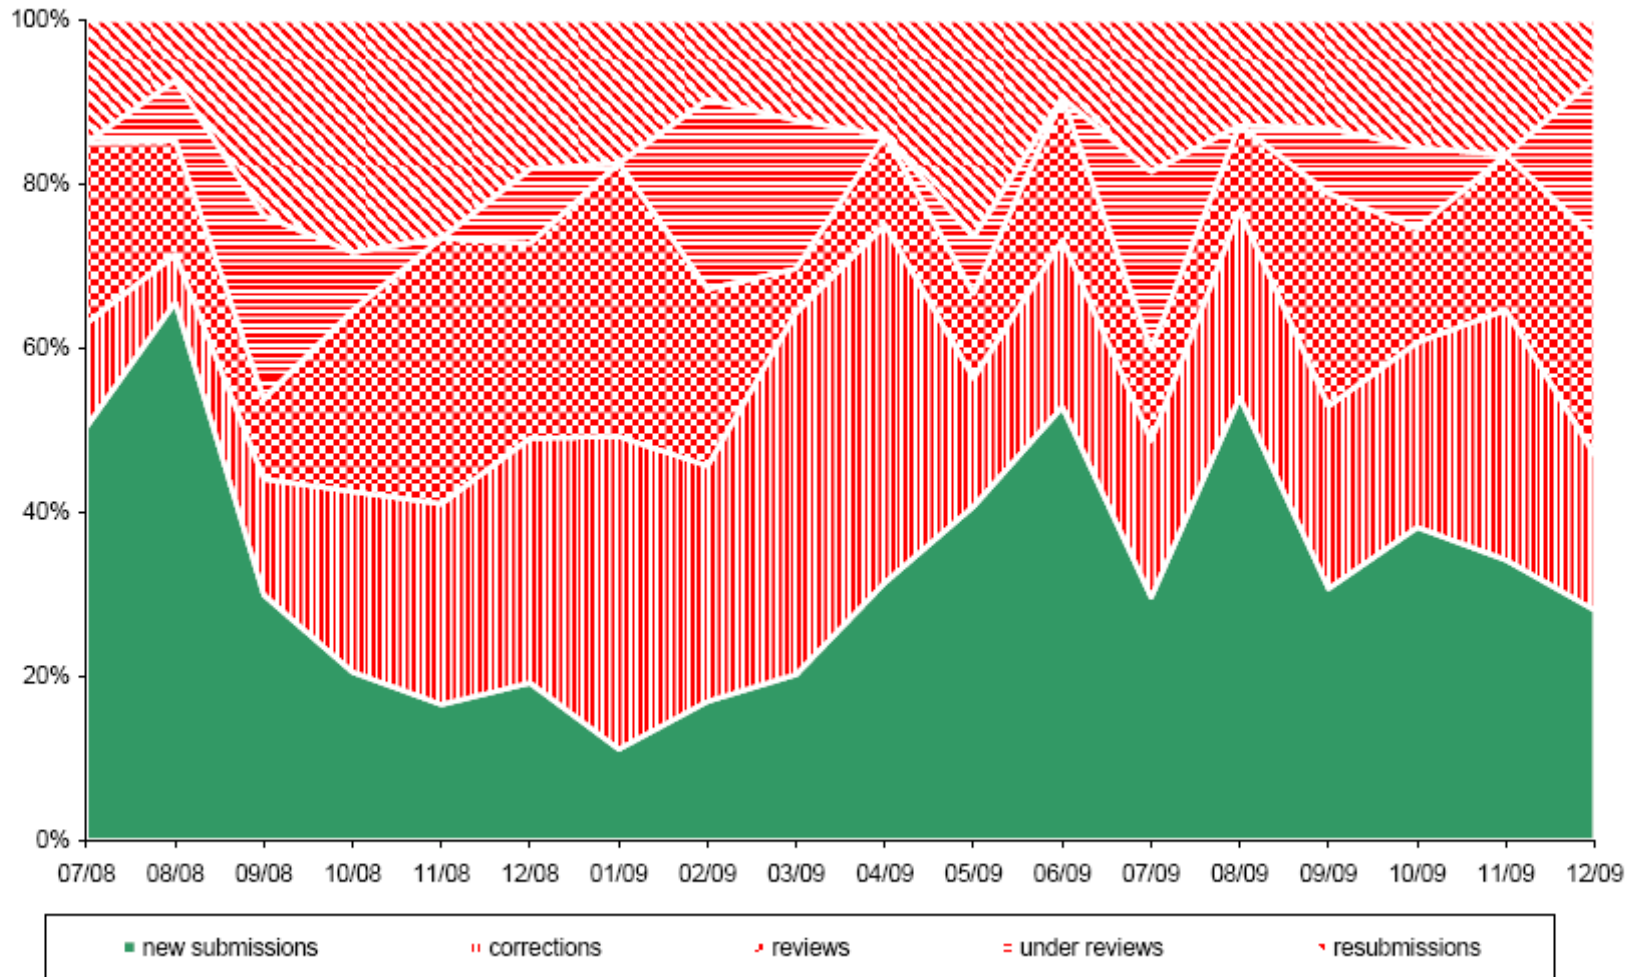

CDM Processes	Timelines	Compliance	Notes
Response to unsolicited submissions	Non indicated (aim is one month)	29 pending responses	Between EB45 and EB52, 149 unsolicited submissions were received: - 117 have been answered to (79%) - 3 did not require an answer - 29 (19%) are pending and 7 (5%) are less than one month old
