

**Annex 19****Registration****Scope of the review on
“Yangxin Huaxin Cement 18 MW Waste Heat Recovery as Power Project” (2522)**

1. The Board agreed to undertake a review of a project activity “Yangxin Huaxin Cement 18 MW Waste Heat Recovery as Power Project” (2522).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the project activity through an assessment of the suitability of annual O&M costs considered in the investment analysis in line with paragraph 111(c) of VVM. The Board is concerned with the means of validation of three components of annual O&M costs, in particular, annual repair charge, overhead expenses and other charges as the DOE considers these components of annual O&M costs suitable based on cross-checking with only one registered CDM project.
