

 <p style="text-align: center;">CDM: Proposed new methodology assessment form (version 02) <i>(To be used by meth panel members assessing the quality of a proposed new methodology)</i></p>		
Title of proposed new methodology:		
Related F-CDM-NM document ID number		
<p><i>Note to the person completing this form: Please assess the quality of the submitted new methodology according to paragraph 6 of the procedures for submission and consideration of proposed new methodologies (version 06).</i></p> <p><i>The responses to the evaluation criteria below shall be considered as substantiation to evaluate a case as 1 or 2.</i></p> <p><i>If one of the evaluation criteria below is checked as NO the documentation will be graded as 2 and is to be sent back to the project participants.</i></p> <p><i>If all the evaluation criteria below are checked as YES the documentation will be graded as 1 and shall be considered as received by the Board and be forwarded by the secretariat for consideration of the Board and the Meth Panel.</i></p>		
<i>Evaluation of the proposed new methodologies by Meth Panel Member:</i>		
<i>Evaluation criteria</i>	YES	NO
1. Coverage of all the CDM-PDD and forms (CDM-NMB and CDM-NMM) sections as outlined in the applicable guidelines.		
2. Proper, clear documentation and drafting of Proposed New Methodology: Baseline, (CDM-NMB) in accordance with applicable guidelines.		
2.1. Stand alone methodology: Clear separation between the PDD and the methodology.		
3. Does the baseline methodology provide the tools to identify and select the most likely baseline scenario candidate?		
4. The assessment on whether the project is not part of the baseline scenario (additionality) is covered.		
4.1. Additionality: Clear and concise presentation of methodological steps to assess additionality.		
4.2. Additionality: A common practice analysis is not presented as the only means to assess additionality.		
4.3. Additionality: Clear stepwise approach is outlined in the CDM-PDD-NMB (does not simply quote general guidance by the Board).		
4.4. Additionality: Clear relationship between steps is provided.		
5. Proper, clear documentation and drafting of Proposed New Methodology: Monitoring, (CDM-NMM) in accordance with applicable guidelines
