

**AGENDA – SSC WG 20  
(29 April-02 May 2009)**

Item No.	Inputs for the meeting according to agenda item number:
----------	---

- 1 Welcome, introductions and adoption of agenda**
- 2 Brief update from the last Executive Board meetings EB 46 (Chair & Vice-Chair)**
- 3 Update on the SSC relevant CMP.4 guidance**
- 4 Brief update of MP 37 (DP & FD)**
  
- 5 Avoidance of HFC emissions in Standalone Commercial Ice Cream Cabinets - NM016-rev**
  - a. Response to SSC-NM016-rev2
  - b. Draft of new category
  
- 6 Introducing recovery of spent sulphuric acid including pre-concentration, heat recovery and**
  - a. Response to SSC-NM017-rev
  - b. Draft of new category
  
- 7 Fuel switch from fossil fuel to biomass - NM018-rev**
  - a. Response to SSC-NM018-rev
  - b. Draft of new category
  
- 8 Fuel cell - NM020-rev**
  - a. Response to SSC-NM020-rev
  - b. Draft of new category
  
- 9 Hydraulic lime production - NM021-rev**
  - a. Response to SSC-NM021-rev
  - b. Draft of new category
  
- 10 Reduction of steam consumption with process optimization - NM022-rev**
  - a. Response to SSC-NM022-rev
  - b. Draft of new category
  
- 11 Tricycle taxis - NM019-rev**
  - a. Response to SSC-NM019-rev
  - b. Draft of new category
  - c. Input from consultant
  
- 12 Household energy efficiency - NM023-rev**
  - a. Response to SSC-NM023-rev
  - b. Draft of new category
  
- 13 Energy saving by using recycling material (MSW) instead of raw material - NM024-rev**
  - a. Response to SSC-NM024-rev
  - b. Draft of new category
  
- 14 Emission reduction measures in ferroalloy production - NM025**
  - a. Response to SSC-NM025
  - b. Draft of new category
  - c. Input from Desk reviewer

- 15 Avoidance of Methane emissions through Manure Composting - NM026**  
a. Response to SSC-NM026  
b. Draft of new category  
c. Input from Desk reviewer
- 16 Optimizing Public Passenger Transport - NM027**  
a. Response to SSC-NM027  
b. Draft of new category  
c. Input from Desk reviewer
- 17 Avoidance of methane emissions through controlled biological treatment of partially decayed MSW - NM028**  
a. Response to SSC-NM028  
b. Draft of new category  
c. Input from Desk reviewer
- 18 Revision of AMS-III.Q**  
a. SSC\_285 Revision of AMS-III.Q. to allow for project activities that utilize waste electricity
- 19 Revision of AMS-II.J**  
a. SSC\_288 Proposal on emission reduction calculation for higher wattage CFLs in AMS-II.J  
b. SSC\_289 Addressing overlap between NTG and BP, and use of ex post surveys to adjust LFR in AMS-II.J  
c. Draft revision of AMS-II.J  
d. Input from consultant
- 20 Revision of AMS-III.H**  
a. SSC\_291\_Revision of methane producing capacity factor of waste water (B0,ww) in AMS-III.H  
b. SSC\_296\_Applicability of AMS-III.H to project activity involving flaring/combustion and utilization of recovered biogas  
c. Draft revision of AMS-III.H
- 21 Revision of AMS-I.C**  
a. SSC\_292\_Revision of AMS-I.C regarding processed renewable biomass, thermal capacity of co-fired system and extending the project boundary  
b. SSC\_293\_Clarification regarding baseline scenario of a Greenfield biomass cogeneration project in AMS-I.C - Fast Track Response
- 22 Revision of AMS-III.B\***
- 23 Revision of AMS-III.F**  
a. SSC\_294\_Revision regarding calculation of project methane emissions during composting in AMS-III.F  
b. SSC\_287\_Clarification on emission factor to calculate methane emissions during composting in AMS-III.F  
c. SSC\_290\_Applicability of composting technologies for animal manure treatment for avoiding methane emissions  
d. Input from consultant

- 24 **Revision of AMS-III.Z**
  - a. SSC\_297\_Revision of AMS-III.Z regarding demonstration of abundance of raw materials and quality of bricks
  - b. SSC\_298\_Revision to remove FaL-G technology-based brick manufacturing project activity from the scope of AMS-III.Z
- 25 **Sampling Guidance**
- 26 **Clarifications on AMS-I.D**
  - a. SSC\_286\_Clarification on applicability of AMS-I.D for project activity involving addition of back pressure turbine in existing cogeneration system
  - b. SSC\_299\_Change in the amount of CERs from registered PDD
- 27 **SSC\_295\_Applicability of AMS-II.D for project activity using low energy intensive alternative raw material**
  - a. Response
- 28 **Revision of "General guidance on leakage in biomass project activities" regarding estimation of the biomass availability**
- 29 **Response to clarification request SSC\_271**
- 30 **Inputs for PoA guidance**
- 31 **Default emission factors for SSC end use energy efficiency methodologies**
- 32 **In-meeting working time to complete proposals to the Board and responses to the PPs.**
- 33 **Final Responses/recommendations**
- 34 **Other matters/priorities for the SSC WG during 2009**
- 35 **Adoption of report and close of meeting**
