

 <b>CDM project activity issuance review form</b> <i>(By submitting this form, a Party involved (through the designated national authority) or an Executive Board member may request that a review is undertaken)</i>	
<b>Designated national authority/Executive Board member submitting this form (Name in print)</b>	
<b>Title of the proposed CDM project activity for which issuance is requested</b>	0577 The Godavari Sugar Mills Ltd (TGSML)'s 24 MW Bagasse Based Co-generation Power Project at Sameerwadi
<b>DOE that requested for issuance and date of request</b>	SGS 13.09.2007
<b>Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)</b>	
<input type="checkbox"/> <i>Fraud</i> <input type="checkbox"/> <i>Malfeasance</i> <input checked="" type="checkbox"/> <i>Incompetence</i>	
<b>Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)</b>	
<ol style="list-style-type: none"> <li>1. The project participant calculated the emission reduction from 2002 to 2007 based on ex-post grid emission factor of 0.858, 0.864 and 0.861 tCO<sub>2</sub>/MWh based on the monitoring plan. However, the verification report (p. 6) stated that "the grid emission factor was ex-ante calculated and fixed for the entire crediting period." Further clarification is required on how the DOE verified the calculation of emission reduction.</li> <li>2. The DOE verified that calculated values of net electricity generation which are more conservative than the measured values were used for the calculation of the emission reduction. However, this approach is not in line with the monitoring plan and the approved methodology. Further clarification is required on why the DOE did not request for deviation on this issue before the request for issuance.</li> </ol>
