Det that requested for issuance is requested 0571 DoE that requested for issuance and date of request BVQI []	Designated national authority/Executive Board member submitting this form (Name in print)	
and date of request 19-09-07 Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)	Title of the proposed CDM project activity for which issuance is requested	
you request review. (Place a cross (X) in front of the reason)	and data of insurant	
Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons) 1 The verification report (p.16) stated that 'In the case of Navbharat Buildcon there are other WEGs feeding power to the same feeder and the actual power generated by each windmill is apportioned from the individual energy meters/controllers." Further clarification is required on how the electricity generation own by Navbharat Buildcon has been verified in accordance with the monitoring plan and approved methodology. 2. Further clarification is required related to the implementation and use of the Joint Monitoring Reports and how the DOE has assessed and verified that appropriateness of that record in the context of the Monitoring Methodology being applied. 3. The DOE shall further clarify on how they have verified that 'The proposed project doesn't fall under the hist of activities requiring Environmental Impact Assessments as it does not involve any negative environmental impacts, because the WEGs installed for generation of power use wind". 4. The DOE shall further clarify on how they have varified that 'The proposed project doesn't fall under the hist of activities for installed for generation of power use wind". 4. The DOE shall environmental Impact Assessments as it does not involve any negative environmental impacts, because the WEGs installed for generation of power use wind". 5. The DOE shall environmental environmental environmental impacts. 6. The interview in the interview in the verification Report. (See first paragraph of section 4.2 of the Report as an example	Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review.
