Attn. Mr. P.K. Sarkar, Dy. General Manager (Environment & Energy)

Dear Mr. Sarkar,

At the outset I thank you very much for the courtesy extended by you to our Mr P.K.Mohanty during his visit to your plant.

Under your guidance and help, he has completed the CDM Project for our windmill. As suggested by you, I am sending herewith the CDM report along with annexures for your perusal.

You are requested to please go through the report and inform us suggestions/improvements, if any, especially the baseline study prepared by us

I understand that you are visiting Delhi next week in connection with your CDM Project. In case you feel that the project report prepared by us is complete in all respects, you may submit our report also at Delhi and if possible put a word about our project to the concerned official of the department.

Thanking you

Yours faithfully
For JINDAL ALUMINIUM LTD.
