TO WHOM SO EVER IT MAY CONCERN

- It is to Certify that the we are one of the established engineering and
Sponge Iron Plant manufacturing Unit in Central India.

We herewith Certify that the coal based Sponge Iron Rotary Kilns are
not warranted by us for the following performance when installed with
the WHRB power plants :-

- a. Metallization of Sponge Iron is not guaranteed.
- b. Kiln accretion time duration is not guaranteed.
- c. Productivity of the Sponge Iron Kiln is not guaranteed.
- d. Plant availability in a year is not guaranteed.
- e. Waste heat parameters in flue gas is not guaranteed.

It has been expert opinion that due to disturbance of Kiln pressure the
Sponge Iron Metallization is adversely affected which hampers
various parameters. Therefore, we do not extend the Performance
Guarantee of the Sponge Iron Kilns supplied by us when operated
along with the waste heat recovery power plants.
