Subject: PDD for Wind Power project at Kilburn Chemicals Ltd

Dear Krishnan,

This has reference to our Wind Power CDM project at Kilburn Chemicals Ltd.

Based on the details provided by your team, the PCN has been revised and the PDD (Project Design Document) for Wind Power project has been completed.

Please find the PDD for wind power project is attached for your reference. We request you to go through the details of PDD and advise us in case of deviations if any.

Also, kindly update us on the progress of the following:

1. Data collection for the Biomass Project
2. Stakeholder meeting for the Windpower project

We feel that any further delay in starting the Biomass project may completely delay the submission of PCN & PDD documents and would prolong timeline of the project.

We also request to send "Letter for inviting Quotes for Validation" of our Wind power project to all the validator listed in the attached document at the earliest possible. Also find a draft letter for the same which can be used for your reference.

Please feel free to contact us for any clarification.

Thanks and Regards,
D Saravanan.
