

Doc : 09

Dear Mr. Krishnan

I have gone through the details provided by you.

The fuel switch project can be taken through CDM for availing credits. We could submit you the offer for CDM advisory services if you request us for the same.

For the wind power project, we need to understand the IRR and payback calculations better before going ahead for CDM. Kindly send us the detailed calculations.

Kindly let us know

regards

MR JTD.

I am trying to get carbon credits for windmill this party also by asking for a quote. Request you to give me the date worked.

Ben Nerts,

M. N. Kanchan
