

Annex 40

Registration

**Scope of the review on
“HITECH CDM CPP” (1693)**

1. The Board agreed to undertake a review of the project activity “HITECH CDM CPP” (1693).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review of the application of the baseline methodology, through an assessment of the means of validation of the *ex-ante* emission factor (1.39 tCO₂/MWh).
