Dear Mr. Prafulla,

This has reference with your communication regarding your interest in developing 15 MW wind project as a CDM project. The project idea is very much CDMable, but still we need to have some more info in order to evaluate this project from CDM angle. Therefore, I request you to send me the desired info as asked in the questionnaire attached herewith. Also as this project is already commissioned, I would like to know if you can produce any document supporting that you thought of CDM before starting this project.

I'll give you call to clarify all the necessary points.

Best regards,

Naman Gupta (Ms.)
