Subject: Submission of Host Country Approval Proposal Document for our 15 MW Wind Power Project in Maharashtra

Respected Sir,

Malpani Group is well established and renowned Group in consumer products headed by experienced professionals. We owns India's largest selling brand of chewing tobacco.

The Group aims to make sustainable contribution to the Society. It also considers its mission to spread awareness about clean and green source of energy. In this regard we proposed to establish 12 WEGs of aggregate installed capacity of 15 MW in the districts of Dhulia and Nandurbar in the state of Maharashtra. We have received all clearances and financial closure for the Project. The WEGs have already been commissioned in the year 2005 and 2006.

We have retained MITCON as our consultant for assisting us to complete clean development mechanism procedures for our project.

As our project falls under clean development mechanism of Kyoto Protocol, we are pleased to submit herewith Host Country Approval Proposal Document as per the guidelines. Herewith we have enclosed 20 copies of Project Concept Note & Project Design Document and two CDs containing the copies of above mentioned documents. Hope this is in line with your requirement.

May we look forward to your earliest communication in this regard.

With best regards,
Yours truly,

Authorized Signatory

CC: Mr. Deepak Zade, Executive Vice President
MITCON Consultancy Services Limited, Pune
