

REVIEW OF THE PROJECT ACTIVITY

"Heilongjiang Mudanjiang Xiaoguokui Wind Power Project" (2774)

At its fifty-fifth meeting the Board could not register the project activity "Heilongjiang Mudanjiang Xiaoguokui Wind Power Project" (2774) submitted for registration by the DOE (BVC).

The Board considered the corrected project documentation which had been submitted in response to the outcome of a review finalized at EB 53. The Board could not consider the corrections satisfactory and therefore rejected the project activity.
