<input type="checkbox"/> <i>Fraud</i> <input type="checkbox"/> <i>Malfeasance</i> <input checked="" type="checkbox"/> <i>Incompetence</i>	
Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)	
<p>1. While the spreadsheet includes imported electricity of 3,960MWh for this monitoring period, the monitoring report stated that “BLFGE does not consume electricity from the grid, PEy = 0.” Further explanation is required on this increased electricity import from the grid and whether this level of consumption will continue in the future.</p> <p>2. The amount of LFG to the power house has been measured in accordance with the approved methodology while the monitoring plan states the calculation of the amount of the LFG to the power house. A request for revision of the monitoring plan prior should be submitted to include these changes.</p> <p>3. The verification report (p 5) stated that the verification covered “Technical aspects of sugar mill processes and bagasee cogeneration management systems.” However, this project is the landfill gas project. Therefore, the DOE is requested to delete this scope in its verification report.</p>
