<p>As indicated in the validated PDD, the installed capacity for the project activity is 2.86MW. However, the installed capacity has been verified by the DOE as 3.217 MW. In addition, the emission reduction claimed during this monitoring period is significantly higher (7.5 times) than the estimation in the PDD. Clarification is required on how the DOE verified that the project was implemented according to the registered PDD.</p>
