ATTENTION TO: Mr. AGENOR BRANCO JUNIOR

REFERENCE: EQUIPALCOOL BOILER, SERIES 068/02

Dear Sirs,

As requested we would like to let you know that the boiler Series 068/02 operating with an output of 150 ton/h, 62 working pressure and 450°C steam temperature manufactured by Equipalcool, is exclusively designed and built for burning sugar cane bagasse and must not be put in operation burning other type of fuel, mainly if such a fuels are fossil by-products.

Sincerely,

SÉRGIO ANTONIO VANZELLA
Director
