

 CDM project activity issuance review form <i>(By submitting this form, a Party involved (through the designated national authority) or an Executive Board member may request that a review is undertaken)</i>	
Designated national authority/Executive Board member submitting this form (Name in print)	
Title of the proposed CDM project activity for which issuance is requested	0259 Trupan Biomass Power Plant in Chile
DOE that requested for issuance and date of request	SGS 23/01/08
Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)	
<input type="checkbox"/> <i>Fraud</i> <input type="checkbox"/> <i>Malfeasance</i> <input checked="" type="checkbox"/> <i>Incompetence</i>	
Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)	
<p>The baseline emission (due to uncontrolled burning of biomass) has been calculated using ‘additional biomass’ rather than from the quantity of biomass used as fuel in the project plant and net quantity of heat generated in the plant and boiler efficiency as prescribed by Equation 24 of ACM0006v1 for Scenario 3 applied by the project activity. Further, the project emission (methane emissions from combustion of biomass) also considers only the quantity of the ‘additional biomass’. Clarification is required on how the DOE has verified that the calculations of emission reductions, including the use of biomass power generation factor of 274 kWh/m³ fixed for the entire crediting period, have been conducted in accordance with the methodology.</p>
