

 CDM project activity issuance review form <i>(By submitting this form, a Party involved (through the designated national authority) or an Executive Board member may request that a review is undertaken)</i>	
Designated national authority/Executive Board member submitting this form (Name in print)	
Title of the proposed CDM project activity for which issuance is requested	Puente Gallego Landfill gas recovery project, Gallego, Rosario, Argentina; Project Activity 0431
DOE that requested for issuance and date of request	SGS 22-08-07
Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)	
<input type="checkbox"/> <i>Fraud</i> <input type="checkbox"/> <i>Malfeasance</i> <input checked="" type="checkbox"/> <i>Incompetence</i>	
Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)	
<ol style="list-style-type: none"> 1. The monitoring plan should be revised to be in line with the methodology. The revision of the monitoring plan shall address at least the following parameters: amount of LFG flared (measured), while the description of amount of landfill gas collected from the project wells should be changed from “c” to “m”. In addition, flow of landfill gas collected from projected landfill should be removed. 2. The DOE shall clarify their statement that the monitoring report is both in compliance with the approved monitoring methodology and with the PDD registered vis a vis the need to revise the monitoring plan. 3. The DOE shall clarify how the routines and procedure for the calibration of the equipment, which is required to verify the project activity performance in the context of consecutive verifications and to establish the frequency of calibrations, were incorporated into the system, as per CAR 1 of the Verification Report (page 7 of 10 of the Verification and Certification report). 4. The DOE shall clarify how they have verified the technical competence of INDUSER to perform flare efficiency analysis. 5. The DOE shall clarify how the monitoring on an annual basis of the national, local regulatory framework has been included into the monitoring system of the project activity.
