SERVICE SPECIFICATION AND AGREEMENT REF: I/07056

F45/a

AGREEMENT

This service specification forms the extent of agreement between QMS Certification Services Pvt. Ltd. (QMS, Party 1), and (Sagar Industries & Distilleries Pvt. Ltd.) (Client, Party 2), for the provision of Management Systems Assessment and Certification services. The agreement is valid when signed by both parties below.

Changes to the agreement must be by written consent of both parties.

Either party upon 30 days written notice to the other party may terminate the agreement. Any outstanding fees and charges shall remain payable after termination of the agreement, although all approval certificates shall immediately cease to be valid.

SERVICES

QMS shall carry out the following activities relating to the Client's Management System:-

Organization & Documentation (O&D) Visit

The documentation, which constitutes the Client's Management System, is examined to establish general adequacy for compliance to the assessment criteria (standards).

Assessment Planning.

A programmed identifying the logistics of the assessment, including sites and areas to be visited and approximate timing, is prepared and issued to the Client.

Assessment.

A comprehensive assessment of the Client's Management System is undertaken and detailed 'Non-compliance' notes raised where appropriate. These notes are called Corrective Action Requests (CAR's) within the Scheme. A summary report is also issued which includes a recommendation regarding the approval status at that time.

Grading of CAR's

CAR's shall be graded as follows:

- Major grading shall be applied to deficiencies, which represent a breach in the integrity of the client's system and its compliance to the requirements of the assessment criteria, and deficiencies that represent a threat to meeting customer requirements.
- Dependent upon extent and severity a 'Major' graded CAR may be issued where multiple minor graded CAR's are deemed to demonstrate a breach in the integrity of the client's system and its compliance to the requirements of the assessment criteria, and deficiencies which represent a threat to meeting customer requirements.

 Intentional misuse of Certificates or Marks or failure to meet other contractual requirements will be grounds for a major CAR.

Minor grading shall be applied to all instances where any part of the system does not fully comply with the criteria, yet the deficiency does not constitute a major grading.

OMS Certification Services Pvt. Ltd.

207, Durga Tower, RDC, Raj Nagar, Ghaziabad - 201 002, (U.P.)

Phone: 0120 - 2825578, 6526369, 98102-74345

Customer Care: 98101-82685

Fax: 0120-2824369; Web: www.qmscertification.com

E-mail: gms@gmscertification.com

One or more Major CAR's at any time will delay or suspend approval until adequate corrective action is taken by the client and verified by QMS.

Approval & Certification.

Following assessment and authorization of approval by QMS an approval certificate shall be issued. Such certificates shall generally have a validity period of three years, however this may be reduced at the discretion of the Technical Manager. The Client's details shall be entered into the QMS List of Approved Firms. Continued approval and certification beyond that period shall be subject to the compliance with the requirements identified in this agreement.

System Reviews.

The Client's Management System is reviewed on an annual basis following approval to ensure that the approval remains valid, and that any changes to the System are examined for compliance with the assessment criteria.

Corrective Action Visit.

These visits may be required (prior to the next scheduled visit) to verify corrective actions in the event that Major CAR's are raised during the Assessment or System Reviews.

Suspension and Withdrawal

After Certification, any time that a Major CAR is raised, 'Approval' is immediately suspended until that CAR is closed or downgraded (to Minor). During suspension the client may not overtly advertise that they are approved. If the CAR cannot be downgraded or closed within three months, 'Approval' shall be withdrawn and the Certificate surrendered to QMS. Reinstatement of 'Approval' after withdrawal shall require at least a partial assessment of relevant parts of the System (at QMS' discretion).

Other possible reasons for suspension and / or withdrawal may include a request by the client, cessation by the client to undertake the activities in the scope. It may be as a result of analysis of a complaint or other information. A client failing to meet contractual obligations (as identified in this Service Specification & Agreement) to QMS CS or failure to meet requirements arising from changes to the Scheme as notified by QMS CS within a reasonable time can also be reasons.

Optional Preassessment Visits.

Prior to committing to the official assessment process, the Client may request a pre-assessment Visit in which assessment techniques are used to highlight deficiencies in the System or part thereof. Although findings are not detailed on CAR's, a list of deficiencies is prepared and issued to the Client.

Triennial Reassessment

Upon the expiration of the Certificate of Approval QMS shall undertake a 'Triennial Reassessment' of the Client's Management System. The Triennial Reassessment shall be conducted upon the same basis as the initial assessment as described herein. Upon successful reassessment QMS shall issue a further Certificate of Approval.

Costing for the Triennial Reassessment shall be agreed between the Client and QMS during the six month period prior to the reassessment.

PERSONNEL

QMS shall provide adequate and appropriately qualified staff from its own resources or approved subcontractors.

CONFIDENTIALITY

All people working for (or observing) QMS CS are required to sign a declaration to ensure that the details of client's business are treated with the strictest confidence. No information will be divulged to any third party without the written permission of that client or except for the purpose of Accreditation assessments (by organizations such as (JAS-ANZ) at QMS CS.

CLIENT'S UNDERTAKINGS

The Client undertakes to implement documented Quality Management System for a period of at least three months before inviting QMS CS for conducting audits. One round of internal audit and management review should also be completed before QMS CS initiates certification process.

The Client undertakes to provide all reasonable access and co-operation as required by QMS in the course of providing the services, and agrees to pay all fees and charges relating to the services in accordance with the terms of this agreement.

The Client undertakes to comply with the QMS requirements as stated in this agreement and with documented procedures and instructions as issued to the Client by QMS from time to time in relation to the Clients Certification. The Client also agrees to JAS-ANZ attending with the QMS Auditors to witness the conduct of an audit by QMS if they are so chosen.

The Client undertakes to inform QMS of any significant changes to their management system as impacts upon this certification as soon as practicable.

The Client undertakes to indemnify QMS against any losses as a result of the Client misuse of any approval or license granted by QMS under this agreement.

DISCLAIMER

Except as set out herein neither QMS nor any of its officers, employees or agents shall be liable for any loss, damage or expense whatever sustained by any person due to any act omission or error of whatsoever nature and howsoever caused of QMS its officers employees or agents or due to any inaccuracy of whatsoever nature and howsoever caused in any information, review, audit, certification or advice given in any way whatsoever by or on behalf of QMS.

Nevertheless, if any person who is a party to this agreement uses the services of QMS or relies on any information, review, audit, certification or advice given by or on behalf of QMS suffers loss damage or expense thereby which is proved to have been due to any negligent act omission or error of QMS its officers employees or agents or any negligent inaccuracy in any information, review, audit, certification or advice given by or on behalf of QMS then QMS will pay compensation for such proved loss up to but not exceeding the amount of the fee (if any) charged by QMS for that particular service information or advice.

APPLICABILITY

This agreement applies to the details stated in Schedule A.

QMS reserves the right to amend this quotation if, in the view of QMS, the organization changes significantly prior to the date of any assessment.

FEES, TERMS AND CONDITIONS

QMS fees and conditions are further detailed in Schedule B.
