

 CDM project activity issuance review form <i>(By submitting this form, a Party involved (through the designated national authority) or an Executive Board member may request that a review is undertaken)</i>	
Designated national authority/Executive Board member submitting this form (Name in print)	
Title of the proposed CDM project activity for which issuance is requested	Jilin Taonan Wind Power Project; Project Activity 0599
DOE that requested for issuance and date of request	SGS United Kingdom Ltd 31-12-07
Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)	
___ <i>Fraud</i> ___ <i>Malfeasance</i> ___x___ <i>Incompetence</i>	
Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)	
<ol style="list-style-type: none"> 1. The electricity generation for the calculation of the emission reduction in the monitoring report included the generation from 25 November 2006 to 24 November 2007, while this monitoring period starts from 1 December 2006 to 24 November 2007. Further clarification is required on how the DOE verified the emission reductions in accordance with the respective monitoring period. 2. Further clarification is required on the Net Output Power Transmitted to the Grid from Project Activity as provided in the table in page 8 of the Monitoring Report regarding the start date of each period. 3. The monitoring report indicates that the meter readings are cross-checked with the receipts of power sales when readings are in doubt. Although this is in line with the monitoring plan in the registered PDD, it does not conform to the QA/QC requirement of the approved consolidated methodology ACM0002 Version 6, that indicates that meter readings be routinely double checked with sales receipts. Further clarification is required on why the need for revision of the monitoring plan was not considered necessary. 4. The DOE shall further clarify whether, according to their competence requirements, a trainee can be a lead assessor in the assessment team.
