

REVIEW OF THE PROJECT ACTIVITY

Blended Cement Project with Fly Ash – Lafarge India Private Limited (0715)

The Board agreed to reject the project activity “Blended Cement Project with Fly Ash – Lafarge India Private Limited” (0715) submitted for registration by the DOE (DNVCert), considering that the DOE and the project participant failed to substantiate significant and additional technological and market acceptability barriers to increasing the level of additives in the production of blended cement above the baseline level while also not elaborating on cost and benefits, therefore the project activity did not meet the additionality requirements as stipulated in paragraphs 43 to 52 of the CDM modalities and procedures.
