# **Certification Report**

**Consorcio Santa Marta S.A.**

**Certification  
of the first periodic Monitoring Period of the  
registered CDM project**

**“Project 0799: Santa Marta Landfill Gas (LFG) Capture Project”  
UNFCCC 0799 CDMP**

**Report No. 1059437**

**18<sup>th</sup> March 2008**

**TÜV SÜD Industrie Service GmbH  
Carbon Management Service  
Westendstr. 199 - 80686 Munich - GERMANY**

## **1 CERTIFICATION STATEMENT**

TÜV SÜD Industrie Service GmbH has performed an initial and first periodic verification of the registered CDM project: "Santa Marta Landfill Gas (LFG) Capture Project"(0799) in Chile. The verification is based on requirements of the UN Framework Convention on Climate Change (UNFCCC). In this context, the relevant documents are the "Marrakech Accords".

The management of Consorcio Santa Marta S.A. is responsible for the preparation of the GHG emissions data and the reported GHG emissions reductions on the basis set out within the document "Monitoring Report; version 4 period March 11, 2007 to August 31, 2007." february 4th , 2008.

The verifier confirms that the project is implemented as planned and described in the validated project design document and applicable methodology. Installed equipment being essential for generating emission reduction and for metering the data defined in the monitoring plan runs reliably and is calibrated appropriately. The monitoring system is in place and the project generates GHG emission reductions according to the approved methodology.

The verifier can confirm that the GHG emission reduction is calculated without material misstatements for the whole monitoring period.

Our opinion relates to the project's GHG emissions reductions reported and related to the valid project baseline and monitoring, and its associated documents.

Based on the information we have seen and evaluated, we confirm the following statement:

**Reporting period:** from March 11, 2007 to August 31, 2007

**Verified emission in the above reporting period:**

Baseline Emissions:	44 815 tCO <sub>2</sub>
Project Emissions:	9 386 tCO <sub>2</sub>
Emission Reductions:	<b>35 429 tCO<sub>2</sub></b>
