

Indu Nissan Oxo Chemical Industries Ltd.

REGD. OFFICE & WORKS : CHHANI - BAJUWA ROAD, BAJUWA-391 310. Dist. VADODARA

Telephone No. : 0220 311960

Fax No. : 0265-

As mentioned above both the proposal are not feasible. Hence we request the M/s. GACL to consider the following alternative :-

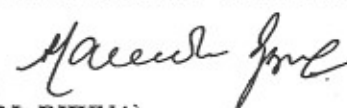

- * Supply of Natural Gas @ 10000 M3/day from M/s. Gujarat State Petroleum Corpn to M/s. GACL through M/s. GSFC's new supply line.
- * M/s. GSPC have agreed in principle (as per letter attached).
- * M/s. GSFC, M/s. GACL, M/s. Indu Nissan are inter connected with the pipelines.
- * Two lines are existing between M/s. GACL and M/s. GSFC one for transporting Hydrogen Gas from M/s. GACL to M/s. GSFC & one for transporting Methane Gas from M/s. GSFC to M/s. GACL but which are not being used at present, and hence can be used for transporting Natural Gas from M/s. GSPC through M/s. GSFC to M/s. GACL.
- * M/s. GACL have proposals to draw water through these lines for which one line can be used, still sparing another.
- * Hence M/s. GACL can use Natural Gas available from M/s. GSPC through M/s. GSFC and spare Hydrogen Gas for Indu Nissan.

Sir, with great difficulties and lot of efforts, we have successfully restarted Water supply from M/s. GSFC and Power supply from M/s. GEB after a long span of 4 years and are now waiting for startup of the plant once Hydrogen supply is resumed by M/s. GACL. To settle the matter, we request you to kindly call for a joint meeting of M/s. GACL, M/s. GSPC, M/s. GSFC and M/s. Indu Nissan at your office at your earliest convenient.

Thanking you,

Yours Faithfully

For INDU NISSAN OXO CHEMICAL IND.LTD.
