- 1. The PP/DOE shall further demonstrate the additionality of the project activity by adequately substantiating the benchmark utilized.
- 2. Project activity emissions from diesel consumption should be accounted for when calculating the emission reductions.

UNFCCC

EB 24 Report Annex 28 page 2

3. Clarification is required as to why diesel consumption is included in Annex 5 of the PDD but not in the table of data to be monitored in D.3.
