

**Annex 50****Registration****Scope of the review on****“Pão de Açúcar – Demand side electricity management – PDD 2” (1030)**

1. The Board agreed to undertake a review of the project activity “Pão de Açúcar – Demand side electricity management – PDD 2” (1030).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover an assessment to determine:
 - (a) the appropriateness of the start date of the crediting period,
 - (b) whether the AMS-II.E has been correctly applied to the project activity, in particular with respect to the setting of the baseline and the proposed method of monitoring.
