益可关于《合江县元兴水电站项目》清洁发展机制项目更改注册项目设计 文件的通知

EcoSecurities' Notification on the changes to the PDD of the Hejiang
County Yuanxing Hydro Project that is applying for CDM registration

中国国家发展和改革委员会：

由于合江县元兴水电站水电项目申请注册的英文项目设计文件跟之前的英文版本有所更改，导致清洁发展机制理事会（EB）要求我公司为此事通知国家发改委。因此，我公司特此报告关于版本之间的更改内容：

- 因为当地电网公司为贵州电网供电，申请注册英文版的电网排放因子从华中电网改用南方电网

China NDRC:

Due to the fact that the final English PDD of the Hejiang County Yuanxing Hydro Project that is applying for registration contains some differences from the previous versions, the EB has requested that we notify the NDRC as the local DNA. Therefore, we are hereby reporting upon the changes between the versions:

- Given the local grid company delivers power to the Guizhou grid, the English version of the PDD applying for registration has changed the grid emission factor from the values for the Central China grid to the value for the Southern China grid.
