Subject: Request for Host Country Approval for the project "Abatement of Green House Gas (GHG) emissions through biomass residue based cogeneration at Claris Lifesciences Limited."

Dear Sir,

- Claris Lifesciences Limited is an international pharmaceutical company. As an environmentally sustainable activity the project proponent has implemented the project activity of "Abatement of Green House Gas (GHG) emissions through biomass residue based cogeneration at Claris Lifesciences Limited." in Ahmedabad, Gujarat.

We have developed the Project Concept Note (PCN) and Project Design Document (PDD) for the above mentioned project activity as per the guidelines of UNFCCC for GHG abatement CDM projects in a developing country under Kyoto Protocol. We are enclosing herewith 20 (Twenty) copies each of Project Concept Note (PCN) and Project Design Document (PDD) along with two copies of CIDs in the requisite format.

We look forward to receive the host country approval from MoEF for the above mentioned project activity, at an early date.

Thanking you.

Yours sincerely,

For Claris Lifesciences Limited.

Pankaj Patel
Head - Projects.
