

REVIEW OF THE PROJECT ACTIVITY

“Electricity grid interconnection San Gabán – Mazuko – Puerto Maldonado ” (1901)

At its forty-sixth meeting the Board could not register the project activity “Electricity grid interconnection San Gabán – Mazuko – Puerto Maldonado” (1901), submitted for registration by the DOE (DNV), because the DOE and project participant failed to substantiate how the deforested area, and therefore leakage value, due to construction of the transmission line has been calculated.
