“Heilongjiang Huanan Hengdaishan East (II) Wind Power Project” (2124)**

1. The Board agreed to undertake a review of the project activity “Heilongjiang Huanan Hengdaishan East (II) Wind Power Project” (2124).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the proposed project activity, through an assessment of the input values, in particular:
 - (a) The suitability of the tariff, as with the application of higher tariffs reported in the province, the project IRR crosses the benchmark; and
 - (b) The investment costs, as it appears that projects applying the same tariff as the project activity have a lower average investment cost per installed capacity.
